Office of Research & Sponsored Programs

Supporting the development, management, and integrity of research at Cal Poly Humboldt

From examining food and housing insecurity among college students to studying the impact of climate change on redwoods, Humboldt research seeks innovative answers to better understand ourselves and our world. These projects and programs span fields, build industry partnerships, and support student success.

can you break down the process of submitting a course proposal?

Hi there! 🤖 I'll help break down the course proposal submission process at Cal Poly Humboldt!

Here's the step-by-step workflow:

1. Initial Submission:

- Submit your complete proposal through Curriculog (the curriculum management system)
- Follow the Curriculum Deadlines Calendar for timing
- Include all required forms and documentation

2. Department & College Review:

- Get approval from Department Chair
- Obtain approval from College Associate Dean

3. Committee Reviews:

- Proposal goes through relevant committees based on course type:
 - GEAR Curriculum and Assessment Committee (for GE courses)
 - Curriculum Development Committee
 - Integrated Curriculum Committee (ICC)

4. Final Approvals:

- ICC reviews and votes on the proposal
- Upon ICC approval, moves to University Senate for formal vote
- After Senate approval, goes to Provost's office

Remember that specific requirements may vary depending on whether it's a new course, course
